

## Prayer Request List Updated 09/23/2020

Pray for Tim A.: Rachel flew to Israel Tues. (08/18/20) and Tim is still on his own. 1) Due to an increase of COVID in Israel, Rachel is in a lock-down for 3 more weeks. Miriam Ashley (Rachel Anderson's mother) is no longer in hospital and is back in her senior home. 2) **Praise**, Rachel did find a place to stay. 3) Pray she can handle all her mother's financial and legal issues. 4) Pray for salvation for her mother.

Pray that our light would increase in the neighborhood, that we at Vista would be ready to welcome and love those that God sends our way, regardless of their past and social state.

Pray for Trevor, Leo, Alyson, and Steph are all well. Alyson's surgery went well. The surgeons were able to remove the shunt with all its tubing from her. Alyson continues to improve. Her wounds are healing nicely, no signs of infection. She still feels their pain though. No headaches still. Can't tell if she still has her back pain yet, since her back is in pain from the surgery.

Pray for George & Donna B. serving in Turkey for over 32 years.

Pray for Adam T., had a setback, he suffered another stroke. Pray for strength for his wife, his caregiver.

Pray for Eduardo - for continued treatment (Parkinson's disease), for speech improvement and for strength for his wife Nellie due for cataract surgery. Nellie – pain in her shoulder (lupus).

Pray for Western Assembly Home. They had their first Covid-19 death, and a second sick. All regular staff are in quarantine for 14 days leaving only the director and her husband to run 24/7.

Pray for Duncan that he is not forced to take a racist sensitivity training that teaches all whites are raciest. He will not take this class and it could cost him his job. Pray for Arah, Cole & Mia. Pray that the COVID like symptoms Duncan has is not actually COVID. He has no fever.

Pray for Ian and family. The Fly Zambia mission asked Ian and family to attend a cultural orientation course. MAF has offered the family a place in early October, Ian well into his flight training: final two and weeks of training unless extended due to fire smoke. Pray that the COVID-19 situation will not interfere with their plans. Also, they now have a website: <https://fmzlordanichs.wordpress.com/> which should provide up-to-date information on their activities.

Pray for Don, Pray for continued healing and full recovery.

Pray for Gloria S. (started trial meds 06/06/18) A completed MRI showed some growth on her back; the growth remains localized. The biopsy results were positive for cancer, so the Precise radiation treatment was cancelled, and a chemotherapy regiment will begin next week. Her drug test has surpassed all expectations, but now they must change course. Pray God gives the doctors wisdom on how to proceed with these treatments. Pray for Lito's salvation (Gloria's husband).

Pray for Shammi & Monika - unspoken request

Pray for Carlos M. and his wife Luba's general health.

Pray for her two-year-old Romanian friend **Clara**. Clara had a spine operation in Ohio. She is now back home in Romania recovering. She will have CT & MRI after COVID subsides.
